

# ABRC: Greening the Classroom Module

## Germination Petri Dish Templates

**Figure 1.** Petri dish template (showing placement of seeds)

### Template Notes

1. Date listed should be the date the seeds will be plated, which may be different from the date when the filter paper is prepared.
2. The second line of text should reflect each group's specific treatment type.
  - a. No strat./Light
  - b. No strat./Dark
  - c. 3 day strat./Light
  - d. 3 day strat./Dark
  - e. 7 day strat./Light
  - f. 7 day strat./Dark
3. The dots representing seeds on the template above should not be drawn on the actual filter paper. This section of filter paper should be left blank.
